No, Amoco should not be listed here.

Subject: chapter 2

Does Amoco need to be added to this list? It deals with MSDS so I think it is okay as worded.

EPA contacted hydraulic fracturing service companies, BJ Services, Halliburton, Inc., and Schlumberger, Inc., as well as a fracturing fluids producer, Hercules, Inc., to obtain information regarding the content of hydraulic fracturing fluids and additives they use or manufacture. Two companies, Halliburton and Schlumberger, provided EPA with material safety data sheets (MSDSs) for several hydraulic fracturing fluids and additives.
